Dear George,

You don't have time for it and I have no reason to believe that the Post or any of the reporters involved in today's coverage of yesterday's Nixon tape disclosures has any interest in unreported aspects of Watergate, but there is what was not then reported, there are leads that were not followed and there may later have been an important lead on what was on the erased 18 minutes.

If any of the others has any interest, I'll be glad to tell them what I then developed only one aspect of which has to confidential with regard to my unimpeachable source.

I have a special interest in the March 1, 1973 tape if you'd be kind enough to send me a copy.

One aspect, reminiscent of Poe's "The Purloined Letter" that I did not overlook leads me to believe that the CIA interfered with a deal I have arranged for use of my first book and its more than possible publication in 1965 and possibly is a lead to still another unexposed CIA intrusion into domestic affairs.

In telling you this I do not mean to interest you personally in it. You have not enough time as it is. But if it interests you later then we can later go into it.

But I would like to read that particular transcript to see if it may add to or even relates to what I do have.

Best,

Harold
